The ITF seniors tour is finally set to reach the Armenian capital of Yerevan where the superb 'Incourt Tennis Club' will play host to our 2018 event and boasts the most up-to-date facilities around. Steeped in rich history, Armenia has a number of must see attractions located within close proximity to the Club.

As the first nation to accept Christianity as it's religion, you could check out the Etchmiadzin Cathedral which is considered to be the oldest Cathedral in the world and is listed as a World Heritage Site by UNESCO.

Or maybe take a tour of the world famous brandy maker 'ArArAt' which, nestled in the shadow of Mount Ararat are credited with making none other than Sir Winston Churchill's favourite tipple.
